

**N. L. LIONS
PLAN YEAR'S
ACTIVITIES**

The Lions' club of New Lenox met recently and with their president, Leonard Heimerdinger, planned their complete program for the coming year.

Among the events on their agenda are the following activities, ice skating carnival, January 14, weather permitting; annual Minstrel show, Friday and Saturday, March 16 and 17; dinner and ladies' night in St. Jude's church, Saturday, March 31; installation of officers and ladies' night in the Lutheran church dining room, Saturday, June 30; and the annual fall festival, the afternoon and evening of August 11 and 12.

A report was made on the Halloween party given in cooperation with the New Lenox Businessmen's association for boys and girls of grade and high school ages. The party was given in the Haven school auditorium, with a program of movies. Fifteen prizes were awarded to the "costumed guests" and hundreds of treats were handed out in the form of pop, ice cream cups and candy bars. These parties have been very successful in entertaining the young people of New Lenox.

**They Came Again—
To Say 'Thank You'**

For the past month and more political candidates have been visiting everyone in Will County soliciting their votes and talking over the political problems. That was good.

But last Thursday four Republican candidates who were elected returned to all the places in the county to let the people know they appreciated the vote they received. The four candidates who were able to make the return trip were Probate Judge Adams, County Judge Cowling, Sheriff elect Ernest Overbey and Clerk elect for probate court, Ellsworth B. Workman.

Among the many places where they called was the News-Bulletin office, saying "Thank You" in person.

They want to say Thank You to everyone in this area who voted for them.

Monday, December 4, the elected candidates will be sworn into office.

BAKERY SALE NEXT SAT.

The Juveniles of the Mokena Royal Neighbors will have a bakery sale in Cooper and Hostert's garage Saturday, November 18, starting at 10:30 a.m.

**Famous Team to
Play in Joliet Nov. 21**

Basketball's most entertaining team, the fabulous Harlem Globetrotters, stop off in Joliet on their world tour Tuesday night, Nov. 21, to headline a huge four-team doubleheader, augmented by other entertainment and planned as a benefit for the Junior College's Athletic fund.

Fresh from the Columbia Picture movie lots of Hollywood, where they have been performing for "The Globetrotters Story" soon to be released as a full-length feature film, the great Globetrotters will be paired here against the famous Indiana Clark Twins, the brothers aggregation from Huntington, Ind.

In the other game on the gala card, the powerful New York Rens will meet Henry ("Dutch") Denert's great Boston Whirlwinds. Tickets are on sale at Al Baskin's Musser's Sport Shop and Stillman's Drug store.

Ray Wilbert, the clever star of vaudeville, stage, screen and television, will be presented as an added feature. Wilbert appeared here last year with his celebrated hoop act and proved a sensation.

The Globetrotters, currently in the first month of a schedule that will keep them busy until next September, including tours in Europe and South America, are just as popular as ever around the basketball world.

In their first two games of this season they played before a total of 37,000 fans. A crowd of 19,000 saw them play at Chicago Stadium and 18,000 the following night at Madison Square Garden in New York. That, of course, does not include the many thousands who watched the Garden performance on television.

In facing the Twins, the famous Negro cage magicians will be meeting one of the best independent teams. But with such acts as Goose Tatum, Marques Haynes, Elmer Robinson, Babe Pressley and others the Trotters are expected to triumph. They entered this season, the twenty-fourth in succession, with a record of 3,421 wins as against only 245 defeats and one tie.

The Rens and Whirlwinds appear evenly matched and their game should be a thriller. This tilt will open the huge program at 7:30. Doors will open at 6:30.

**WE HAVE A
NEW PRESS**

For a number of years it was apparent that a new press was needed in the shop of the Semmler Newspapers at Mokena. The Lee press which printed two pages at once served for many years, and well. But as happens to most things when they are used constantly, they wear out, and so it was with the Lee. Too frequently breaks occurred, which delayed the output.

It was the ambition of the late William Semmler, founder and publisher of this newspaper, to get a better and larger press. A number of months ago, we began shopping for a press that would fit our requirements and at the same time, fit our purse.

This has been attained when we were able to purchase a No. 1 Miehls press. It was moved into our Mokena shop about the first of August unassumingly.

Instead of printing two pages at once, we now print four. After all these months the press is finally rolling and last week we were proud to print the first issue on it.

This press required a larger motor and the Public Service company gave us prompt service in providing us with a 3 phase power service. This required the setting of a new pole with new transformers and bring the 3 phase line from Wolf road east to our shop. We hope to now serve our customers better and more promptly.

**Large Group Attends
R.N.A. Meeting**

At a recent meeting of the Frankfort camp, Royal Neighbors of America, held in the village hall 23 members of the Chicago Heights camp were present. Other guests were Mrs. Hannah Harms, a charter member of the Frankfort group, and Miss Eva Keckelsen of Joliet, district deputy. Sixty members attended.

The oracle, Mrs. Jake Hostert, presided at the meeting and 25 year pins were presented to three members, Mrs. George Buck, Mrs. George Schroeder and Mrs. Herbert Minger.

**Gleaners to Sponsor
Dance in Mokena**

For many years the Maple Street Arbor of Gleaners gave regular dances each month. Usually they were held in the Colonial hall in New Lenox. But that hall gradually ran into dis-use and the dances were discontinued.

Now a good hall is available, the VFW hall in Mokena, so the Gleaners after these many years, will again sponsor a dance. It will be held in the Mokena VFW hall Friday evening, November 24, and if it is a successful affair, they may plan to hold a dance each month as previously.

They invite everyone to attend and have a good time with them.

**Under The Cross
Of Malta**

At this time of year is the commemoration of our world war dead. The Armistice day just past marked the last time the Unknown Soldier of World War I will be honored alone. Next spring the unknown soldier, sailor, airman or marine of World War II will be placed at the side of the World War I unknown soldier.

The best way to honor our dead is to care for the living, a solemn pledge of every VFW member.

A part of that pledge is carried out by the maintenance of a widow's and orphan's home at Eaton Rapids Mich. The Veterans of Foreign Wars are very proud of that home and make pilgrimages there periodically.

Another part of the pledge is being carried out by constantly fighting for veteran benefits and adequate hospitalization for the war casualties. The fight is on, and will continue as long as there is a soldier, sailor or marine living.

Ours is a noble work, and in order to carry the work adequately, we must be strong. In order to be strong we must work to get new members and get the old members to remain active. 85% of all eligible veterans do not belong to any veterans organization, so we must try to get some of these to join some such organization.

We are striving to get 100% paid up membership before Dec. 31st. This 100% cannot be credited with new members. They must come from the old members and if you have not paid your dues yet, get in touch with Quartermaster, Fred Steinhagen, and pay them now.

Our next regular meeting is scheduled for the fourth Thursday of this month, but because that is Thanksgiving Day, the meeting will be moved up to Wednesday, November 22.—Eino L. Saarela, publicity.

**Research Man Talks
To Dairy Farmers**

At a special meeting of dairy farmers, held in the Agriculture building across Jefferson street from the Joliet Township high school last Thursday night, E. B. "Tiny" Pratt, of the research field division of Purina Mills, St. Louis, and formerly with the dairy department of the University of Missouri, said that successful dairy farming depends on four basic rules which must be observed: Good breeding, sound management, careful sanitation and good feeding.

He said that there are eighty-seven pounds of water in every hundred pounds of milk, and that in one case he found that the cows had to walk back and forth about three miles a day from the pasture to the water tank, which lowered the production of milk.

Max Kuster, vocational agriculture instructor, announced there will be five meetings on dairy farming beginning with November 21, and the subject for that night will be "Why is dairy income down in this area? What are we going to do about it?"

He said that any one who is interested in this topic is invited to attend the meeting.

**LAST RITES FOR
GUY BILSLAND**

Guy Bilsland of Joliet, who passed away Tuesday noon in the Will County Tuberculosis sanatorium in Joliet, was a former employee of the News-Bulletin.

Mr. Bilsland's ancestors were pioneer settlers in Homer township. He was a member of the first class in the present high school building in Joliet and that is where the editor of this newspaper met him. It is odd how after many years through some printing work, we met again. He came to our assistance when it was sorely needed at the death of the late William Semmler, founder and editor of these newspapers, writing his obituary for us.

Mr. Bilsland was a painstaking writer, and was the author of a widely-quoted poem, "Our Borderline." He was engaged in the publishing business in Springfield for a number of years; edited the Golden Rule magazine in Chicago, "The Old Timer" magazine in Joliet, which had a short life, and was editor of the "Town Crier", a weekly newspaper in Palos Park. He enjoyed writing poetry and was successful in selling them to the trade. He was employed at Gerlach-Barklow company in Joliet as a writer and during World War I volunteered as a secretary of YMCA army camps. He was a help and inspiration to the many boys away from home.

Surviving is a sister, Mrs. E. W. Shull, and two nieces and a nephew in Joliet. Funeral services were held in Joliet this afternoon with burial in Elmhurst cemetery.

**Eye Injured in
Freak Accident**

While Mr. Bormet was charging the truck battery it exploded, breaking his glasses and sending splinters of glass into his eye. Dr. Brannon, of Manchester, was called and the injured man was removed to Silver Cross hospital, where the glass splinters were removed. It was reported that the eye was not seriously hurt.

Mr. Bormet said that to his knowledge, this is the third time in 13 years that an accident of this kind has occurred, where a battery has exploded while being charged.

A reception will be held in St. Mary's hall immediately after a family dinner that will follow the ceremony.

A large crowd greeted the Rev. Robert Kieser, the blind minister who spoke at the St. Peter's Evangelical church last Sunday evening.

Rev. Kieser came from the Fourth Presbyterian church in Springfield. He was accompanied, as always by his Seeing Eye dog.

Quoting from the Cardinal's address: "You good people perhaps do not realize what a wise thing you have done in purchasing a school bus for your parish. The years will come and go and added to each one will be the hundreds of pleasures, conveniences and comforts derived from your 1950 Chevrolet bus. We from Chicago are proud of the country parish of St. George church at Tinley Park."

Nurse Tells How Hadacol Was So Helpful To Her

Supplied Vitamins B₁, B₂, Iron and Niacin Which Her System Lacked

Mrs. Jennie Lee Adele, 412 N. 27 St., East St. Louis, Ill., a nurse, says she wishes she had found out about HADACOL sooner because since taking HADACOL she feels so good. Mrs. Adele was suffering a deficiency of Vitamins B₁, B₂, Niacin and Iron which HADACOL contains.

Here is Mrs. Adele's own statement: "I have been a nurse for over 14 years. My food never seemed to agree with me. I heard one day how so many folks were being helped because of HADACOL. I tried it and after 3 bottles I could tell a big improvement. Now I eat anything I want—sleep well and I am full of energy."

Why HADACOL Gives Such Fine Results

HADACOL does not bring just symptomatic relief. HADACOL now makes it possible to actually relieve the cause of aches and pains in the shoulders, legs and arms, certain nervous disturbances, and a general run-down weakened condition due to deficiencies of Vitamins B₁, B₂, Niacin and Iron in your system.

HADACOL not only supplies deficient systems with extra quantities of Vitamins B₁, B₂, Iron, and Niacin but also helpful amounts of important Calcium and Phosphorus

—elements so vital to help maintain good health and physical fitness.

Why These Vitamins and Minerals Come In Liquid Form

There's a very good reason why HADACOL comes in special liquid form. These precious Vitamins and Minerals are more easily and quickly absorbed into the blood stream this way—ready to go right to work. A big improvement is often noticed within a few days.

Don't Be A 'Doubting Thomas'

After reading Mrs. Adele's wonderful experience with HADACOL—how can you doubt that this great new nutritional formula will help you if your system lacks Vitamins B₁, B₂, Iron, and Niacin?

What HADACOL did for Mrs. Adele, it can do for you if you're troubled with aches and pains in the shoulders, legs, and arms, certain nervous disturbances, insomnia when due to an upset stomach, stomach distress and a general run-down weakened condition due to such deficiencies.

So what are you waiting for? Don't you see that HADACOL is the kind of product you need—the kind you should buy and the kind you should start taking immediately!

Sold On A Strict Money-Back Guarantee

HADACOL even helps build up the hemoglobin content of your blood (when Iron is needed) to course through your body, carrying these great health-building elements to every body organ. No wonder HADACOL helps you feel wonderful!

Be fair to yourself! Give yourself a break if you have such deficiencies! Why continue to drag yourself around—a burden to yourself and your family—when relief may be as close at hand as your nearest drugstore if you suffer a deficiency of Vitamins B₁, B₂, Niacin and Iron. This great HADACOL is inexpensive, too—costs only a small amount a day. Trial size, only \$1.25. Large family or hospital size, \$3.50. If your druggist does not have HADACOL, order it direct from The LeBlanc Corporation, Lafayette, Louisiana.

Girl Scouts Enjoyed First Cook-out Mon.

Troop 41 had their first cook-out this fall in Van Horn woods Monday afternoon, October 30. A fire

building contest was held in which Patricia Boleman was the winner. Each girl gathered her own firewood, laid a foundation fire, and many girls were able to get their fire lighted with the first match. The first fire that burned through the string that was placed twelve inches above the ground won.

Every Girl Scout should learn how to build a fire properly. This involves choosing the proper place, getting the proper materials for starting and maintaining a fire, how to keep the fire under control, how to put it out, and what should be done in case of a fire.

The following girls are registered in Troop 41 this year: Nancy Armin, Sheila Bennett, Susan Benson, Patricia Boleman, Virginia Collins, Kathryn Cooper, Barbara Duer, Donna Heinecke, Carol Hohensein, Shirley Kule, Jacqueline McGinnis, Linda Powers, Gladys Rinke, Penny Spiewak, Mary Stahl, Ginger Steele and Joan Teague.

LETTERS TO THE EDITOR

Dear Mrs. Semmler:
It's always nice to be on the winning team isn't it? Especially, when it's accomplished by having a lot of heavy hitters—that make it a race right up to the finish.

Now that the 1950 Community Chest Campaign is over and a matter of history—we can point with pride to the results and compare 1949's \$1432 with the 1950 figure of \$1818, an increase of 26%, for District 2, comprising Homer, ships.

Frankfort and New Lenox township could not have been accomplished had it not been for the splendid publicity you extended—and the tireless workers in the township organizations headed by Mrs. Donahue of Homer, Mrs. B. Needham of Mokena, Mr. Ted Massey of Frankfort and Mr. Don Wennlund in New Lenox. The team work was excellent, work was done under all sorts of conditions, but for a worthy Community cause.

Thanks a lot, and my personal thanks to each worker and subscriber—you are the Community Chest. Recognize its value to your community and support it. It needs you and you need it.

Yours Red Featheredly,
L. E. Martin,
Chairman District 2

THURSDAY, NOVEMBER 16

"...Let not your heart be troubled, neither let it be afraid." (John 14:27) Read Romans 5:1-8.

The heart is the most important organ of all: "out of it are the issues of life." Let the heart be sick and the whole man suffers. Many persons keep appointments from time to time with specialists relative to the condition of the heart. A cardiograph registers the duration and character of the heart's movements. On the basis of it the diagnosis follows, and if necessary, the prescription.

We would all be interested in the story of a spiritual cardiograph might tell of our interests and concerns and loyalties. Are they in harmony with the will of God? Are we walking in the path of the divine intention? Does Christ control us?

Actually the great Physician invites us to come to Him with our heart troubles. His concern for us took Him through the Garden of Gethsemane to the Cross of Calvary because He sought to follow the will of God for mankind. "In His will is our peace."

"... Let not your heart be troubled, neither let it be afraid."

PRAYER
Our Father, clarify our vision that we may see Thee this day. May our willingness to follow Thee be registered in actions worthy of divine approval. In Christ's name. Amen.

Curb Non-Defense Spending Says Farm Economist

Curbing of non-defense spending by our federal government is imperative if the country is to make any stand against continued inflation.

This was the message of Professor A. Asher Hobson, University of Wisconsin agricultural economics specialist, to the Illinois Agricultural association at their 24th annual session in Hotel Sherman.

Tuesday, "Government spending is inflationary," Hobson said, "and a dollar spent by the government creates quite as much demand for goods and services as a dollar spent by you and me."

"The government is increasing its expenditures for defense purposes. If prices are to be held in line, non-defense expenditures must be decreased by a like amount."

"Citizens will be asked by government to decrease their expenditures—asked is a mild term. Citizens in turn should insist that the government also decrease its non-defense expenditures."

Hobson said there is probably room for substantial gains in the spending of the defense dollar. He added that "certainly federal payrolls can be reduced in fields less essential to national defense. Certainly there is room for question in the increases of expenditures for social reform during this emergency."

Hobson also declared, "I say to you in all candor, that agriculture will do well to scrutinize its government aids. If agriculture is to demand economy in government, it will be in a stronger position to press its demands if it is willing to forego some payments financed by the taxpayer."

"I compliment the leaders of the American Farm Bureau Federation on their courageous stand in attempting to keep government intervention in the affairs of agriculture to more modest proportions."

Hobson said that the "real threat of inflation comes from the threatened rise in prices of non-agricultural commodities."

He said the present parity price index of 105 is due to the very favorable price position of a few commodities, namely: cotton, tobacco, beef, hogs, veal calves and lambs. All these were considerably above parity, but a majority of farm products are below parity.

"One of the reasons why inflation is a real threat is that we have been experiencing it for the past 10 years and now we are adding more fuel to the fire, really stoking the furnace," Hobson said.

Inflationary in their operation are some government programs including the stimulation of housing, veterans assistance, foreign aid, and price support programs.

If taxation is to be effective in reducing spending, the taxes must fall heavily upon those millions in the medium and lower income brackets, Hobson said. That is where the purchasing power rests he explained, but in a democracy it does not seem feasible to tax the masses heavily because they have too many votes.

Another way to cut spending power is to sell non-assignable bonds to individuals—not to banks, Hobson said. It ties up the purchaser's funds and cuts down the money in circulation.

"The government has two ways to raise money to finance the defense program: taxation and borrowing," Hobson said. "If you are willing to pay enough taxes to do the job, fine. If not, you had better loan the government some money."

HEAD AND SHOULDERS

ABOVE YOUR WORK!

That's where you are sitting when using the new VISION-LINED 'Z' tractor and Quick-On-Quick-Off mounted implements. MM VISIONLINED design brings all cans and runners into your line of vision from the comfortable lay-back seat.

You can watch it plant...

SEE WHAT KIND OF A JOB YOU ARE DOING

The new 'Z' tractor with Quick-On-Quick-Off planting and fertilizing attachments will do a fast, clean job on all row crops with less time spent on adjustments. MM planting attachments come equipped with a variety of openers and covers for all soils. One gauge wheel for each runner assures uniform planting depth no matter how uneven the field. With MM equipment, fertilizer is placed along side of the row at any desired depth at a rate of up to 500 lbs. per acre. A removable plate at the outlet of the hopper makes inspection and cleaning easy.

MOKENA

Mrs. Berle Needham entertained
the WSCS of the Methodist church
in her home last Thursday after-
noon. A plan has been made for an
inter-society visitation among neigh-
boring churches for the purpose of
developing a more friendly spirit.
In line with this policy, four mem-
bers from the group of the Otta-
wa Street Methodist church in
Joliet were present as guests. They
brought with them a cake decor-
ated with 10 candles. Three candles
were lighted for the Mokena soci-
ety which represented their growth
during the past year, namely,
membership, program and one to
grow on. The Mokena group is
invited by the Monahan society to
attend a one o'clock luncheon
in their church Wednesday after-
noon, November 29. Mrs. Darrel
Manhart was in charge of the de-
votions and Mrs. Harold Cooper
of the program.

Report was made that eight mem-
bers attended the special service at
the Frankfort Methodist church
during the Week of Prayer and
Self Denial. The next meeting will
be with Mrs. William Bradey, De-
cember 14 which will be a Christ-
mas meeting and a 50 cent gift ex-
change.

sold their home on north Wolf rd.,
last Saturday moved into their

Mrs. Louis Serpico who moved
back to Chicago. Mr. and Mrs. G.
Kurtz moved from Chicago Satur-
day in the former Stahl home on
Wolf road which they purchased.

tertained a few friends at pinocle
